

Library

The College Library is run by a qualified Librarian and his experienced staff. There are more than sixteen thousand books in the library which is beautifully furnished having effective air conditioning and heating arrangements. Latest local and foreign magazines and periodicals are made available in the Library at regular bases. To inculcate the habit of reading, the three schools have established their own lending libraries where books of short stories/ novels and general knowledge are provided to the students.

Science Laboratories

Science curriculum is effectively supported by the latest well equipped science laboratories for Physics, Chemistry and Biology in both the Senior and the Junior Schools. The medium of instruction is English. The courses of study are designed as such to suit the needs of the students future education.
